

FEES ARE TOO BIG IN FEDERAL COURTS

PROFITS OF OFFICERS HELD
BE EXCESSIVE.

This is the Principal Subject of Debate in the Senate—House Discussed Silver Bond Substitute—Behring Sea Claims to be Settled—Legislative News of the Day.

Washington, Feb. 13.—It was expected that the tariff bill would come up in the senate Wednesday, Mr. Morrill, chairman of the finance committee, having given notice of a motion to that effect. But the subject was not mentioned during the day and the entire session was given to routine business. Considerable progress was made on the deficiency bill.

Mr. Peffer (pop., Kan.) came forward with a lengthy resolution proposing a senate investigation of the circumstances of all recent bond issues. The resolution proposes a special committee of five senators, and gives comprehensive directions as to the scope of the inquiry, the dealings with syndicates, etc., the effect of such dealings, and explicit information as to the purchasers of bonds, rates, and all attendant circumstances. Mr. Morrill asked that the resolution go to the finance committee, but it went over by the rules until to-day.

Among the favorable reports presented was one on Mr. Hale's bill making Feb. 12 (Lincoln's birthday) a national holiday.

The consideration of the urgent deficiency bill was then resumed. Mr. Chandler criticised the growing expenditures under the department of justice. These had trebled in ten years, with little increase in business. The fee system, he thought, was responsible for the growing extravagance of Federal court officers. Mr. Tillman agreed with Mr. Chandler that the fee system was wrong. Mr. Sherman spoke of the enormous cost of our governmental system, which arose in part from the complication of appropriation bills. Mr. Vest spoke of the "robbery and plunder" practiced by United States marshals in order to earn fees. The bill was laid aside at 4:10 p. m. Mr. Hale called up the bill making Feb. 12 (Lincoln's birthday) a national holiday. Mr. Hawley objected to the immediate consideration of the bill, and this prevented action. The senate at 4:15 p. m. adjourned until to-day.

THE BEHRING SEA CLAIMS.

Probability that a Settlement Will Soon Be Reached.

Washington, Feb. 13.—The convention between the government of the United States and that of Great Britain, for the arbitration of the claims for damages, made on account of the Behring sea sealing vessel seizures, was received by the senate in executive session Tuesday, and was considered by the committee on foreign relations yesterday.

The treaty provides for the reference of claims to two commissioners, one to be appointed by the United States and the other by Great Britain, who in case of failure to agree are to be authorized to select a third commissioner. If not able to agree upon a man for this office the matter is to be referred to the president of the Swiss republic, with the request that he name the third man, which he has consented to do. The agreement is made in conformity with the Paris arbitration, and its findings are made obligatory upon both governments.

TALKED ABOUT SILVER.

Wednesday Spent in Discussion of the Bond-Bill Substitute.

Washington, Feb. 13.—The house spent Wednesday in the discussion of the silver-bond bill. Mr. Underwood (dem., La.) and Mr. Cox (dem., Tenn.) spoke in favor of concurrence in the senate substitute, and Mr. Brumm (rep., Pa.) in favor of the coinage of the American product. The latter ridiculed Mr. Hall of Mississippi for arrogating to himself credit for changing his position on the silver question.

At 12 o'clock the regular order house session began. The chaplain in his prayer referred to the fact that it was Lincoln's birthday. Mr. Cannon (rep., Ill.) presented a senate joint resolution appropriating \$75,000 for the purpose of making a joint survey, together with Great Britain, of the boundary line between Alaska and British territory. The resolution was adopted. The house then resumed consideration of the bond-silver bill.

Mr. Dolliver (rep., Iowa) took the floor in opposition to the free-coinage proposition. Free coinage, he said, had at all times proved a failure. He denied that any country where free coinage was practiced had ever enjoyed the circulation of both gold and silver at the same time. There never was a time when a man stood for so much and a dollar for so little as at present.

Mr. McMillin (dem., Tenn.) said there was an insufficient currency and that we should not wait for the co-operation of any foreign country before taking steps to improve our financial affairs. He was not for monometallism of any sort, but desired the use of both metals.

Mr. Brosius (rep., Pa.) opposed free coinage. Mr. Bailey (dem., Texas) had no especial preference for either gold or silver, but desired that which was most stable.

At 5:30 p. m. a recess was taken until

8 o'clock in the evening, the session to be devoted to further debate.

The last night session of the general debate on the bill was more poorly attended than any of its predecessors. The galleries were almost empty and there were but seven members on the floor.

Mr. Bingham (rep., Pa.) in opposition to the senate free-coinage substitute, predicted another \$100,000,000 bond issue unless some legislation was enacted covering gold redemption of greenbacks. He favored an increase of the national bank circulation, the payment of customs duties in gold, and the refund of the greenbacks and the treasury notes into 2 per cent bonds. The only two other speakers, Wood (rep., Ill.) and Gardner (rep., N. J.), were against the senate substitute. At 9 o'clock, for want of more speakers, the house took a recess until 10:30 this morning.

Opposed by Anti-Silver Men.

Washington, Feb. 13.—The house committee on territories held a warm session Wednesday over the bills to admit Arizona and New Mexico into the Union. For several weeks it has been apparent that there was a disposition among some of the opponents of free silver on the committee to postpone favorable reports on those bills, at least for the present, to prevent the increase of the free-silver strength in the senate. Wednesday the fight culminated when, while the bill to admit Arizona was under discussion, the committee voted 6 to 5 to adjourn. Messrs. Harris (rep., Ohio) and Lafèvre (rep., Ohio) were absent. Both the latter are anti-silver men. It is claimed that both the absentees are also in favor of deferring action, but Mr. Murphy, the Arizona delegate, denies this. As the bill itself has not been defeated in committee, the vote can be taken whenever the advocates of the bill are able to muster a majority.

Think Estimates Are Too High.

Washington, Feb. 13.—The subcommittee of the house committee on commerce is considering the report of the Nicaragua Canal commission. The general impression among the members of the subcommittee is that the estimate of the commission for the completion of the work (\$136,000,000) is entirely too high. Mr. Doolittle of Washington says that there are gentlemen in the United States who can give the best of security for carrying out their contract who will agree to complete the work for \$70,000,000. Next Tuesday the subcommittee will meet for the purpose of drawing up a rough draft of a bill for submission to the full committee. It is probable that the Morgan bill, which was before the senate in the last congress, will form the basis of the bill to be prepared.

Tariff Bill to Be Deferred.

Washington, Feb. 13.—The friends of the tariff bill in the senate have found it expedient to change their plans somewhat, and instead of taking up the tariff immediately will postpone its consideration until after all the appropriation bills which have been reported from committees shall be disposed of. It is believed that these measures will monopolize the greater part of the time of the senate for the next week. Other questions will intervene, so that it now looks as if the debate on the tariff or the silver substitute would be deferred until the week after next at the earliest.

Democratic Senators Caucus.

Washington, Feb. 13.—The democratic senators held a caucus of two and one-half hours' duration Wednesday, called for the purpose of affording an opportunity for consultation upon the election of an assistant doorkeeper. The caucus resulted in a unanimous indorsement of Bernard Layton of Ohio for the office. With this matter out of the way, the caucus, upon the suggestion of Senator Hill, took up the tariff bill for an exchange of ideas, but no definite plan of action was agreed upon with reference to either the bill or any of the amendments proposed.

For Action on Armenia.

Washington, Feb. 13.—The president is giving attention to the joint resolution passed by congress requesting the five signatory powers to the Berlin treaty to carry out the pledges of that treaty, and give protection to the Christians in Armenia. The president was requested in that resolution to forward it to the powers, and it is said at the state department that this has been done, or that the diplomatic steps necessary for laying the resolution before the powers had been taken.

Rockhill's Nomination Confirmed.

Washington, Feb. 13.—The senate in executive session Wednesday confirmed the nomination of W. W. Rockhill to be first assistant secretary of state.

Republican Clubs of Indiana.

Indianapolis, Ind., Feb. 13.—The Lincoln league, as the Republican club organization of the state is called, held its annual meeting here Wednesday afternoon with an attendance of about five hundred from all parts of the state. The league elected A. M. Higgins, Terre Haute, president. Four delegates from each district and six at large were elected to the national convention at Milwaukee. Resolutions were adopted modeled after the last state platform.

Spanish Troops for Cuba.

Barcelona, Spain, Feb. 13.—Re-enforcements to the number of 1,200 troops sailed for Cuba yesterday, 2,300 men will sail to-day, and 2,300 additional troops will sail for Cuba Friday.

MOB HAD NO MERCY DESPITE HIS PLEA

DETAILS OF THE SULLIVAN,
ILL. LYNCHING.

There Was No Hesitation After the Mob Had Gathered and Grant Atterbury Had Little Time For Prayer—Public Opinion Is Strongly With the Lynchers.

Sullivan, Ill., Feb. 13.—Judge Lynch took matters in charge in Sullivan Tuesday night and by 1 o'clock in the morning he had accomplished the task mapped out for him. He ruled a determined mob of fifty men that met with the avowed purpose of lynching Grant Atterbury for the assault of his sister-in-law, Mrs. Roxie Atterbury.

For almost a month Sullivan has been in an unusually excited condition, the cause being an assault made upon Mrs. Roxie Atterbury at her house in East Jackson street the night of Jan. 23. Mrs. Atterbury lives with her four boys, ranging in age from 4 to 11 years. Her husband is confined in the asylum for the insane, and she has been supporting herself and family by taking in washing.

Mrs. Atterbury had been sick on the day the assault took place, and was very restless that night. About 10 o'clock she wanted a drink of water and had to go to the kitchen to get it. There is a small hall between the sitting-room and kitchen, and as she entered this some one put out the lamp she was carrying. Before she could realize her danger or utter a cry she was seized by two persons. Her hands were tied behind her, cotton saturated with chloroform put in her mouth and a bandage tied over this. She was then knocked down, and one of the ruffians assaulted her. Before leaving he said, "Now, I have been revenged," and taunted her with vile language.

It was an hour before she succeeded in awakening her oldest boy. He immediately went to one of the neighbors and summoned him to his mother's assistance. The poor woman could not speak. Knowledge of the crime spread, and what action to take was the question. Bloodhounds were thought of and Postmaster Eden was sent to secure them.

The hounds arrived after the scent was thirty-six hours old. They took the scent from the rope and bandage which was used and had no trouble in tracking the fiend. They went directly to Grant Atterbury's house, and, as some had suspected him, this made them more certain. Some of the citizens thought Mrs. Atterbury knew whether or not he was the guilty one, but was afraid to say so. When she was informed that he never would hurt her and was shown what protection she would have, she admitted that he was one of the parties, but she did not know the other. She recognized him by his voice. He was arrested. The arrest was made in the morning, and crowds of people were around the jail all day. They were very orderly, however, and seemed to be talking over the matter by themselves, but as night dawned the people began to grow excited, and lynching was whispered by the bystanders. The excitement continued to grow and by midnight a mob of about twenty started to get in the jail. They were driven back by the deputy. Another attempt at lynching was made, but with the same result.

During the last attempt to gain entrance the prisoner was taken away unnoticed by the crowd and placed in the jail at Lincoln. There he was kept until the day was set for his preliminary hearing. He was then brought back to this place, but waived examination. This enraged the people and they proceeded to take the law in their own hands. Tuesday night a mob of fifty determined men met in the basement of the high school building and perfected an organization. At 12:30 in the morning they marched to the jail and at once commenced to batter down the front door. During the entire time they were working on the door the reports of fifty pistols could be heard. The door was barred so firmly that it was impossible to break it from the hinges, but they were successful in breaking the panels enough to admit the ones that were to go into the jail. Before the battering had continued long Sheriff Lansden and his son appeared on the scene, but were immediately covered by a dozen revolvers, and under these circumstances were helpless.

With sledge hammers and crow-bars an entrance to Atterbury's cell was obtained. He fought desperately but was soon overpowered and brought down to the howling mob below.

Atterbury's cry for mercy could be heard for blocks but all he received was the reply: "You showed none to the poor woman."

The pistol shots and the breaking of the doors woke all within hearing distance and they went to the jail. Before they got the prisoner out 200 or 300 people had assembled, but could not get close, for the guards put out by the mob would not let them. After he was taken out of the jail they marched like a regiment of soldiers to the court house park, where Atterbury was hanged to a tree. He claimed his innocence until the last and died with his lips sealed. His last words were: "God be merciful to this poor sinner."

Atterbury's body remained suspended from 1 o'clock until 7:30. It was then taken down and the inquest held.

"Lincoln as President and Commander-in-Chief of the Army and Navy" was the subject of an address by Judge William L. Gross. A large quantity of beautiful flowers was contributed by admirers of the late president, and these were taken to Oak Ridge cemetery, where Lincoln's tomb was elaborately decorated.

Foraker of Ohio, Mayor Strong, Seth Low, Gen. F. A. McAlpin, and Henry E. Howland. At the other tables were many men prominent in the political, financial, and social circles of this city.

A "Ripper" in San Francisco.

San Francisco, Feb. 13.—The police are inclined to believe that there is a stranger in this city whose mania is to be equal, or possibly eclipse, the record of London's notorious "Jack the Ripper." Within the last few days a girl on Monroe street has been strangled to death by an unknown assassin, and several other women in the same vicinity have been beaten, stabbed and strangled, in each case the assailant escaping without leaving a trace by which he could be detected.

Defeat the Cubans.

Havana, Feb. 13.—A dispatch from Santa Clara, capital of the province of that name, from General Oliver, the Spanish commander in that district, announces a serious defeat of the insurgents under Serafin Sanchez and Mirabel, two of the most important insurgent leaders outside the province of Havana.

THREATEN THE KELLARS.

Their Neighbors Have a Strong Belief in Their Guilt.

Terre Haute, Ind., Feb. 13.—People from Fountain and Park counties say if the Kellars are acquitted here they will be lynched on their return home. This feeling is enhanced by the belief that the defense is securing undue advantage in the court proceedings. The case will be submitted to the court to-day.

The climax was reached Wednesday when Mr. Lamb of counsel for defense moved in the midst of the argument by Mr. Simms for the state for the discharge of the jury on the ground of improper conduct on the part of the speaker. Mr. Simms had been reviewing the testimony to the effect that on the day Clara Shanks disappeared nine relatives of the Kellars had refused to eat dinner at the Kellar house because they feared poisoning. Mr. Simms had said they were suspicious that Dan Kellar in an attempt to poison his jealous wife might poison them. "If this were not true, why did not the defense put the relatives on the witness stand?" Then he proceeded to name them, and had said "George Kellar, John Kellar, Dan Kellar," when Mr. Lamb excitedly told him to stop and raised the point that he had referred to the failure of a defendant to testify. Judge Tyler was not on the bench at the time and had not heard the statement by Mr. Simms.

There was great excitement in the court room until his honor arrived, when he asked for the words from the court reporter, who, however, had not taken them down. The court allowed the argument to proceed and gave the defense an exception.

GUILTY OF MURDER.

Scott Jackson and Alonzo Walling Held for Pearl Bryan's Death.

Second, that cocaine had been administered to the woman. Third, that the decapitation had taken place while the woman was still alive, and at the place where the body was found. Fourth, that Pearl Bryan, Scott Jackson and Alonzo M. Walling were last seen together at 6 o'clock Friday evening, January 31, entering a cab together at George and Plum streets, Cincinnati, and that the cab was driven south in the direction of Fort Thomas.

From these findings the coroner holds Scott Jackson and Alonzo M. Walling accountable for the death of Pearl Bryan.

Mexican Troops to Prevent the Fight.

El Paso, Texas, Feb. 13.—Governor Ahumada is still bringing troops into Juarez and by tonight will be in strength to begin war if necessary. He has 300 men, 200 of whom are rurales, and by tonight will have 200 more. He declared yesterday that under no circumstances would he allow the fight to take place in Mexico. "The chances of the fight coming off are good, however, despite the declarations of the governor of Chihuahua and the American officials," calmly insisted Stuart, "according to schedule." And there is no doubt that he is making every effort and will continue up to the last minute to do his utmost to bring it off. CLASS B ABOLISHED.

Important Action of the League of American Wheelmen.

Baltimore, Md., Feb. 13.—All classes heretofore recognized by the League of American Wheelmen were abolished at Wednesday's session of the national convention, and cycle riders are now in exactly the same category as are all other athletes and sportsmen. In future the league will recognize no grades of amateurs, and any rider who does not live strictly up to the rules governing non-professional sport will be placed in the ranks of the professionals. This result was reached by the repeal of all the clauses in the league constitution creating classes A and B, and defining the status of the men who formerly belonged to them. A resolution was adopted to the effect that all members of the league who are at this time class B men shall in the future be treated as amateurs, similar in every respect to class A men, and that all others shall be deemed professionals. The penalty for any act of professionalism will therefore in the future be practical expulsion from the league. The result gave the most general satisfaction.

The afternoon session was not productive of important or interesting results. The most important amendments adopted were as follows: Providing that an amateur shall not compete in any race outside his own state at a greater distance than 100 miles, by the usual line or route from his legal residence, except at national or closed college championship meetings, or except by special permission from the members of the racing board in charge of his district. Fixing the date for the annual meetings of the league the second Wednesday in February, instead of the second Monday. Providing that the place of annual meetings shall be determined by the national assembly, unless delegated to the executive committee.

ASK MEMBERS' PLEDGE.

Indiana Republican State Committee Discusses Reapportionment.

Indianapolis, Ind., Feb. 13.—The republican state committee was called together Wednesday to consider the question of whether it should attack the apportionment of 1885, the only one left on the statute books, or elect under that act. A number of distinguished attorneys were called before the committee and expressed their views. All agreed that the act could be overthrown, but there was considerable question as to whether the Supreme court would decide the case before election.

After being in session all day the committee decided to issue a letter to all the representatives and senators composing the legislature of 1895. This they will be asked to sign, pledging themselves that, in the event that an extra session is called, they will enact an equitable apportionment law and then adjourn. If a majority of the members sign the letter the committee will demand of the governor an extra session of the legislature. If he refuses, the republicans will at once attack the law of 1885.

Messrs. Gowdy, Fesler and McCullough are appointed a subcommittee to carry out the resolution.

Arizona Militia Ordered Out.

Phoenix, Ariz., Feb. 13.—Major R. Allyn Lewis, commanding the Second Battalion A. G. N., wires from Bowie that he has positive information that the Maher-Fitzsimmons fight is to be brought off tonight or tomorrow within Arizona lines. They will be held at Bowie or at San Simon, where commissary positions are available. The companies at Nogales, Phoenix, Temple, and Mesa were also instructed to prepare for active service at once. The governor has telegraphed Major Lewis to prevent at all hazards the passage of persons to engage in a prize fight, as they will be implicated in a conspiracy to commit a felony.

A. R. circle are also holding their conventions.

MORMONS IN ROCK GAINING GROUND

MEMBERSHIP OF 150 REPORTED
BY LEADERS.

South of Janesville in Newark, is One of the Historic Churches of the Mormon Faith, a Church That Defied Brigham Young and Figured in the Reorganization.

How many know the strength of Mormonism in Janesville? How many know that 150 believers maintain Rock county branches of the church that Joseph Smith founded?

There is nothing in common with Utah Mormonism in the Rock county church, which affiliates with the Reorganized Church of Jesus Christ of Latter Day Saints, as the branch of the church opposed to Brigham Young styles itself. Young and his followers are declared to be apostates who have departed from the teachings of Prophet Joseph Smith.

Southern Wisconsin is a district by itself and W. A. McDowell, of Williams Bay, is president.

The Janesville branch, which directs affairs in a large part of Rock county, is in charge of C. C. Hoague, a member of the county board of supervisors, and O. N. Dutton is an elder. Joseph Dutton holds the post of deacon in the Janesville branch and Henry Woodstock, of this city, is secretary and treasurer. One of the historic churches of the Mormon faith under the Joseph Smith dispensation, was located southwest of Janesville, in the town of Newark. This survived the Brigham Young apostasy, most of the other churches in this neighborhood being broken up through their unwillingness to follow the Utah leader. The Newark church remained true to the doctrine of Joseph Smith, and later assisted in reorganizing the church with Joseph Smith, Jr. at the head. The meeting for reorganization was held in the Newark church in 1851.

Members of An Historic Church. Samuel Powers, father of Supervisor Ambrose Powers of Newark, was one of the members of the old Newark branch and S. Eli Wildermuth was another. Mr. Wildermuth is still an evangelist in Wisconsin for the Reorganized church.

There are branches in four different parts of the county—Janesville, Johnstown, Porter and Spring Valley, and a well attended reunion was held in Janesville three weeks ago.

The meetings of the Janesville branch are held in the homes of members on the first Sunday of each month. The branch is forty-eight strong and under C. C. Hoague's leadership is growing. There is a large branch in Williams Bay and East Delavan, also one in Oregon, the second station north of Evansville.

"We hold," said a representative of the church to a Gazette reporter today, "that an angel came to the earth from heaven in 1830 and appeared to Joseph Smith, Martin Harris and David Whitmer, and restored the gospel of Christ in its perfectness as recorded in Rev. 14:6-7 and fulfilled the prophecies found in Isaiah 11:1-2 and Isaiah 18:1-2-3 and Isaiah 32:13-14-15 and Psalms 85. Also Habakkuk 2:1-2-3. In Revelations 12th chapter we are told that the church was to fly into the wilderness to remain 1260 days and that this period ended when the angel came with the everlasting gospel to be preached to them that dwell on the earth. We also claim the angel restored all the gifts of the early church as we find it in 1st Corinthians, twelfth chapter and particularly the twenty eighth verse.

Organized on Scriptural Lines.

"We have apostles and prophets as officers in the church and we also believe the officers in the church must be called of God as was Aaron, Heb. 5:4. No member is allowed to preach or administer the ordinances in the church until he has been called by the spirit of God through the prophets in the church. We also believe as in 2nd John 1:9-10, that whosoever transgresseth and abideth not in the doctrine of Christ hath not God, and we hold that the principles of the doctrine of Christ are: Faith, repentance, baptism by immersion for the remission of sins, laying on the hands of those having authority for the baptism of the spirit or confirmation, resurrection of the dead and eternal judgment, as found in Heb. 6:1-2.

"There are few people who know the difference between the Polygamists Mormons and the Reorganized Church (so called to distinguish them from the Utah faction) of Latter Day Saints, the members of the church who did not follow Brigham Young or believe in him or his teachings, but reorganized with Joseph Smith Jr., at the head of the church a son of Joseph

Smith, the prophet who was killed in 1844. These people never believed in polygamy and before Joseph Smith was killed he warned the church not to let Brigham Young deceive them, or in any way lead them away into iniquity. As soon as Joseph Smith was killed, however, Brigham set himself at the head of the church and as the scape goat went into a wilderness uninhabited."

APPLAUSE FOR LELAND T. POWERS

Last Entertainment On the Peoples Course Received With Great Favor.

With a burst of applause the People's Lecture course closed last night. Each year the course has gained strength as the financial resources have increased and the course of 1895-6 may be conceded freely to have set the standard higher than ever.

Leland T. Powers who was the attraction last evening was greeted warmly when he appeared on the platform. He gave the audience impersonations from E. R. Southern's play, "Lord Chumley." Ten characters are in the cast and they were portrayed with a fidelity and distinctness that was remarkable. One moment he was Adam Butterworth, the old Englishman. Then he was Lieutenant Hugh Butterworth, the son. He became in turn Lady Adeline, Butterworth, a spinster, fair fat and forty; Jessie, Eleanor's friend; Monsieur LeSage, a French rascal; Blink Bank, an ex-convict; Meg; Winterbottom, the butler, and Lord George Chumley, Hugh's friend, who is not such a fool as he looks.

Loud applause followed each number, the audience seeming unable to give sufficient emphasis to its approval. The short sketch "Pro and Con," which followed the comedy was received with equal favor.

TWO FARM HORSES SELL FOR \$1150

Rock County Stock Brings a Fancy Price at the Chicago Horse Sale.

Two Rock county farm horses brought \$1,150 at the horse sale in Chicago this week. The horses were bought from farmers near Janesville, but a short time ago, by William Hadden and Will Davis, of this city, and were sold to George Keyte & Son, of Rockford, who paid less than \$400 for the two. They were well mated, and attracted much attention upon the streets during the few days they were here. They were dark bays, full of life and action, and of good size. Keyte & Son took them soon after getting them, and made a profit of \$750 on the sale.

SNOW BLOCKS THE EXPRESS.

C. & N. W. Train From St. Paul Nearly Two Hours Late.

Snow drifts blocked the St. Paul passenger on its way to Janesville last evening and instead of arriving at 6:25 she pulled into the city at 8:15. Local passengers whose intention it was to take the train for Chicago had a long and weary visit.

"Traveling was all right as soon as we reached Elroy," remarked one of the crew, "but nearly all the way from St. Paul to Elroy we were troubled with snow and in a number of places it was all we could do to get through."

NEEDN'T BUY OF A CHICAGO HOUSE

Superintendent Moulton Talks of the New C. & N. W. Uniform Circular.

"The men are stirred up unnecessarily over their new clothes," said Superintendent F. B. Moulton, of the C. & N. W. today. "They have until May to get them and would need new suits by that time anyway. Then they are not compelled to buy from any particular firm. A Chicago firm has made a special price which it will pay the men to take advantage of, but if they wish to get the regulation cloth and have it made up elsewhere they are welcome to do so."

"SHORE ACRES" HERE TONIGHT
Horne's Beautiful Pastoral Play Will Be Seen at the Myers.

The beautiful pastoral play, "Shore Acres," which has been playing with such marked success in Boston and New York during the past two years, is underlined for a production at the Myers Grand this evening. Few plays written within the past twenty years have caused such wide spread discussion among all classes of theatre-goers, and yet this discussion has mostly been about the degrees of its greatness as a natural play. But very few critics have declined to admit "Shore Acres," a genuine worth as an entertainment. In Boston the play became the topic of general conversation, and the ablest writers wrote their impressions of it for their various magazines and daily journals. In New York, "Shore Acres" became even more popular, and the play recorded the longest consecutive run ever known at Daly's theatre.

BERRY'S HENS WERE SLEEPY.
Rode Seventeen Miles Perched on a Wagon Reach Without Waking.

From the Portland Press: Linn Berry has a big chicken farm in West Burton, and has several hundred hens. He brings many eggs and chickens (dead and dressed) to Portland. He loads his wagon the night before and starts at 3 a. m. He has only to hitch up the horses and drive off. It is a drive of seventeen miles to this city. He reached here at just about sunrise. As he approached the United States hotel to deliver some produce someone shouted at him and asked him if he had brought his hens to market roosting on the crossbar under the wagon. He paid no attention, supposing the man was geying him. But when he stopped at the hotel and others called his attention to four hens roosting under the wagon and just waking up, it was doubtful which was the most astonished, Mr. Berry or the hens. Two of the latter were panic stricken and started down Federal street. One was caught on Temple street and the other got down almost to Exchange street before it was captured. The cock at the hotel bought the four hens for \$1 and took them home. How many hens were asleep under the wagon when Mr. Berry started from home he can't tell, but it is very possible that there were more than four.

Deposits of Gold for Bonds.
New York, Feb. 12.—Deposits of gold were numerous Tuesday, but sub-treasury officials say they can only generalize as to the total amount owing to the great number of small deposits and to the turning in of gold certificates. Up to 2 o'clock approximately \$5,000,000 had been credited to bidders for the bonds as a result of the day's operations. The withdrawals were placed approximately at \$605,000, all for account of bullion brokers.

GRATIFYING RESULTS.

Interesting Experiments with the New Stomach Remedy.

Not a Patent Medicine, But a Safe Cure for All Forms of Indigestion.

The results of recent investigation, have established, beyond question, the great value of the new preparation for indigestion and stomach troubles; it is composed of the digestive acids, pepsin, bismuth, Golden Seal and similar stomachics, prepared in the form of 20 grain lozenges, pleasant to the taste, convenient to carry when traveling, harmless to the most delicate stomach, and probably the safest, most effective cure yet discovered for indigestion, sour stomach, loss of appetite and flesh, nausea, sick headaches, palpitation of heart, and the many symptoms arising from imperfect digestion of food. They cure because they cause the food to be promptly and thoroughly digested before it has time to sour, ferment and poison the blood and nervous system.

Judge Frank Ives, of District Court of Crookston, Minn., says: For some time I have used Stuart's Dyspepsia Tablets with seeming great benefit, with few exceptions. I have not been so free from indigestion in twenty-five years.

Geo. W. Roosevelt, U. S. Consul to Brussels, Belgium: Stuart's Dyspepsia Tablets, safe, pleasant to take, convenient to carry, give keen appetite, perfect digestion.

Mr. W. D. Tomlin, Mechanical Engineer, Duluth, Minn.: One box of Stuart's Dyspepsia Tablets has done its work, and I am again gaining flesh and strength.

O. E. Ransom, Hustonville, Ky.: I was distressed and annoyed for two years with throwing up food, often two or three times a day; had no certainty of retaining a meal if I ate one. Four boxes of the tablets from my druggist, have fully cured me. I find them pleasant to take, convenient to carry.

Rev. G. D. Brown, Mondovi, Wis.: The effects of Stuart's Dyspepsia Tablets is simply marvellous; a quite hearty dinner of broiled beef steak causes no distress since I began their use.

Over six thousand people in the state of Mich. alone in 1894 were cured of stomach troubles by Stuart's Dyspepsia Tablets.

Full sized packages may be found at all druggists at 50c, or sent by mail on receipt of price from Stuart Co., Marshall, Mich.

ONLY RUN DOWN.

Many People Complain of Being Out of Order.

By No Means Sick, But They Don't Feel Just Right.

Are Weak, Nervous, Tire Easily and Work is an Effort.

There are numberless people who do not call themselves sick, and yet who feel weak, nervous, languid or tired; they have lost their vim, power of endurance and ambition to work. They feel miserable, not because they are actually sick, but because they are not well.

People complain that they are weak, nervous, tired and exhausted; that they have a poor or variable appetite, no strength, no nerve; they become irritable, cross, blue and discouraged. In some cases there are pains and aches in various parts of the body, and there is often indigestion, dyspepsia, belching of wind, dull, cloudy head, and general dispirited feeling. Sleepless, restless, wakeful nights follow. The brain tires easily and there may be a tendency to drowsiness during the day. Neglect of these symptoms results in excessive nervous prostration or paralysis, with numbness, trembling, cold feet and legs, pricking sensation and weakness and weariness of the limbs.

MISS BERTHA A. ELMER.

Look to the symptoms in time, nervous sufferers to avert the dread results. Do as did Miss Bertha A. Elmer, of Etwa, N. H., who says:—

About two years ago last fall I was obliged to leave off work on account of ill health. The doctor told me I had overworked. I suffered from severe headaches and grew so poor and pale that people told me if my eyes were closed they would believe me dead.

"My nerves seemed all unstrung. I suffered in this way all winter and there was nothing that seemed to help me. At last my mother persuaded me to try Dr. Greene's Nervura blood and nerve remedy. I took one bottle and that helped me, and I decided to try another. I took three bottles in all, after which I was as well or even better than I had ever been before.

"Please publish this testimonial if it would be likely to help others, for I feel sure Dr. Greene's Nervura blood and nerve remedy saved my life."

Remember that this marvelous medicine, Dr. Greene's Nervura blood and nerve remedy, will make you strong and well; that it is the discovery of the successful specialist in nervous and chronic diseases, Dr. Greene, of 35 West 14th street, New York City, who can always be consulted without charge, personally or by letter, in regard to the action of the medicine. Try it; you will not regret it.

"NEW WOMAN" DELAYS A TRAIN

She Has Her Own Ideas About How Baggage Should Be Checked

Two women with enough bundles and grips for a dozen men delayed the Rockford train this morning five minutes before they could get on. They were both strangers and were on their way east. When they arrived at the depot they tried to induce Baggage-man Grant to check their grips and bundles clear through to a city beyond where they were ticketed. He was compelled to refuse and then the trouble began. They first hunted up Agent Hierich and finding no help here they consulted Ticket Agent Samuels. Finally Chief Acheson was called upon. He persuaded the injured couple to get on the train and the newsboys about the depot pitched in and safely landed the grips and bundles aboard.

Argument for the Kellers.

Terre Haute, Ind., Feb. 12.—Mr. Beasley, for the defense, and Mr. McCabe, for the same side, occupied the time of the court Tuesday in the Keller-Shanks trial. Both argued that the probability was that Clara Shanks committed suicide, but that if suspicion pointed to any one as her murderer it was to her brother, Dan Shanks, who, Mr. McCabe said, would have been harder to clear of the charge on circumstantial evidence than the Kellers.

Good Health Of More Consequence Than a Few Cents.

SUPPOSE the low-priced alum baking powders do cost a few cents less per pound than the ROYAL, is it worth while for these few pennies to expose your health to danger? Alum powders make the food unwholesome; ROYAL BAKING POWDER makes food that is superlatively healthful. Physicians will affirm the truth of these statements, and they are vitally important facts for the consideration of housekeepers.

Baking powders sold either wholesale or retail at a lower price than the ROYAL are almost invariably made with alum and dangerous to health, and therefore should be avoided under all circumstances.

Whisky No Cure for Poison.

"Whisky will never cure a poisonous snake bite," said Prof. Theodore A. Schurr, the naturalist of thirty years' experience, to a reporter. "The idea that whisky is an antidote for the bite of a rattlesnake or any other venomous reptile is a delusion so popular and general that I always take special pains to correct and expose it in my lectures. Whisky never will and never did cure any one bitten by a snake, but because some person took some whisky after being bitten by a harmless snake and recovered he attributed his cure to the whisky, and so the idea gained circulation. I have never known a case to be cured by the use of whisky and have known several cases where it had been used to result fatally. Whisky only adds additional poison to the system instead of removing and destroying that of the snake.

"The only thing that will cure a person bitten by a rattler or other poisonous snake is the use of permanganate of potash. This is an effectual cure in almost every instance. The venom of a reptile is injected into the blood and the poison destroys the blood globules. I was bitten by a rattler, on my index

finger and immediately took my pocket-knife and made a deep incision near the wound, so that the poison could not be taken up and distributed through my system. The bitten part was then cauterized and it caused me no trouble whatever. Whisky is not very good to use at any time and no good for snake bites."—Pittsburg Post.

Rock County Republican Convention

A Republican County Convention is hereby called at the court house, in the city of Janesville on Friday, March 13, 1896, at 2 p. m., for the purpose of electing delegates to the state convention, to be held in Milwaukee, March 18, 1896.

This Rock county convention will elect delegates also to the congressional district convention when called, and transact such other business as proper for this convention.

The different towns and wards of Rock county will be entitled to delegates as follows: Towns of Avon, Beloit, Bradford, Harmony, Janesville, Johnstown, La Prairie, Porter, two each; Center, Clinton, Lima, Magnolia, Plymouth, Porter, Turtle, Union, Clinton village, Fifth ward, of Janesville, three each; Fulton, Newark, Spring Valley, First ward city of Beloit, Edgerton, four each; Second ward city of Beloit, Second and Fourth wards city of Janesville, five each; Evansville, Third and Fourth wards, city of Beloit, six each; First and Third wards city of Janesville, seven each; Milton, eight. By order County Republican Committee.

W. T. YANKIRK, Chairman.

Dated Janesville, Feb. 7, 1896.

A BIG SAVING POSSIBLE.

Rock county has a few farmers who still regard money spent on systematic road building, as money wasted. They wouldn't work their farms the way they work their roads—a day's work here, two hours' work there, and the rest let go until another year. If they did, the sheriff would do a bigger real estate business than any agent in the county. But they can't realize that money spent on crushed stone is bringing big returns if it saves team work in hauling crops to market.

Down east the subject of road making has been taken up seriously. A committee appointed by the last New York legislature to look into the subject of good roads, has made a valuable report, filling 117 pages of printed matter. The average cost of taking produce to market in New York at present is \$1.56 per ton for each six miles, the average haul, or 26 cents per mile. The estimate per ton per mile on a good macadam road is seven cents, and if all the roads of the state were of this description the annual saving in the haul, without regard to wear or tear, would be about \$16,000,000. As matters stand, the farmers pay an annual road assessment of \$3,000,000. It is the opinion of the committee that the state should at once begin the work of road improvement, by agreeing to pay one-third of the cost, the counties to pay the other two-thirds.

GOOD BOOKS FOR CHILDREN

It is worth the effort in any city to encourage a taste for good literature among school children. In some cities there has been inaugurated the distribution among the schools of approved books from public libraries. Fifty-two schools are supplied in this way in Detroit and the circulation for 1895 was over 75,000. The books are changed five times during the school year and the only additional expense is the slight one of transportation. It seems to be a successful plan for getting in ahead of the penny dreadful.

LET VERDICTS STAND.

Wouldn't it relieve this lynching mania if the higher courts were to refuse to set aside verdicts against criminals for any reason that does not touch the question of guilt or innocence? People prefer to have justice administered by the duly appointed agencies, but when those agencies allow justice to be defeated on technical and frivolous grounds, other means of enforcing the laws are apt to be invoked.

Public meetings in behalf of the Armenians continue to be held all over the country, but up to the hour of going to press, Mr. Cleveland had not forwarded those congressional resolutions to the European governments, in accordance with the request of congress.

Unless Mr. Cleveland issues more bonds before the expiration of his term, it is likely to be a long time before the United States has any more to sell. Next year the republicans will be in power, and they don't believe in that way of getting money needed.

We do not approve wholly of those who criticize Mr. Cleveland's duck hunting, which is about the most harmless thing he has done since March 4, 1893.

Some of the democrats who contributed money towards the purchase of that loving cup which was presented to Mr. Richard Where-did-you-get-it Croker, love him so much that they

would dearly like to hug him—to death.

Congressmen from North and South Carolina would find more pleasure in following the examples of two of the early governors of those states than in discussing secession.

Although Mr. Syndicate Morgan gets one third of those bonds after all, his profits will not be one thirtieth of what they were in his private bond deal with Mr. Cleveland.

Our democratic friends will find that it is much easier to talk about recapturing Maryland and Kentucky than it is to do it. Both states need a protective tariff.

Why doesn't some democrat turn the Roentgen rays on Mr. Cleveland and find out what his intentions are concerning that democratic nomination?

It is possible that "butcher Weyler" may be by the Cubans transposed into "Weyler butchered."

BENEATH A CLOUD OF SORROW

Funeral of Mrs. Mulligan.

The funeral of Mrs. Mary A. Mulligan, wife of James A. Mulligan, of 155 Caroline street, was held at 10 o'clock this morning in St. Mary's church, Rev. R. J. Roche officiating. The interment was in Mount Olivet. The pall bearers were Henry Hansen, Stephen Dooley, John Donahue, Morris Holleran, James Casey and John Garry.

Martin Costello.

Martin Costello died of pneumonia at his home, corner of Galena and Walnut streets, last evening. He was fifty-seven years of age, for the past forty years of which he has been a resident of this city, being engaged as a laborer on the street. His wife died Feb. 21, 1895, but two sons and one daughter survive, they being Thomas, Martin and Abigail Costello, all of this city. The funeral will be held from St. Patrick's church Friday morning at 9 o'clock.

MADE HAPPY BY CUPID.

Welsh—Collins.

Thomas E. Welsh and Miss Bertha L. Collins were united in marriage at the home of Dean M. McGinnity last evening, Rev. Father Colling officiating. Miss Lydia A. Collins, sister of the bride, was bridesmaid while Thomas F. Dermody was best man. After the ceremony the wedding party repaired to the home of the bride's parents, Mr. and Mrs. John A. Collins, No. 5 Washington street, where an informal reception was tendered them. Many and sincere were the good wishes extended, for both of the young people have a wide circle of friends in the city. The groom is engaged in the tobacco business, and is esteemed for his sound judgment and integrity. Mr. and Mrs. Welsh will keep house at 202 Cherry street, their home completely furnished, awaiting them.

Mitchell—Welch.

Rev. J. J. Collins said the words that made George Mitchell, of Chicago, and Miss Minnie A. Welch, of this city, husband and wife last evening. The ceremony was performed at the home of Dean E. M. McGinnity, the bride being attended by Miss Nora Carroll, while William Welch acted as best man. The bride is a daughter of Mrs. Thomas Welch, of 371 West Milwaukee street, while the groom is a conductor on the Chicago & Northwestern road. Mr. and Mrs. Mitchell will make their home at 3135 Wilton avenue, Lake View, Chicago.

JANESVILLE REALTY SOLD TO THE STATE

A. A. JACKSON PROPERTY
TAKEN FOR \$6,019.20

Land Adjoins the School For the Blind Property and the Intention of the Legislature Was to Have Another School Building Erected on the Site.

Of much importance to Janesville is one of the real estate transfers just put on record. Twenty-six acres of land adjoining the Wisconsin School for the Blind has been bought by the state from A. A. Jackson, the price paid being \$6,019.20.

This is a piece of land running from the road to the river, just east of the present school grounds. It has a frontage of about eighteen rods on the road and has been wanted by the state for ten years.

During the Rusk administration the board of supervisors talked of buying from A. E. Shumway, who was then the owner. Nothing was done and when J. W. Hamilton came to town the land was platted as part of Hamilton's addition to Janesville. G. G. Sutherland acquired an interest in it but his interest and that of Mr. Shumway passed to A. A. Jackson.

Last winter the need of more room for the state school was urged upon the legislature and a bill was passed appropriating funds for the purchase of the Jackson property and the erection of a school building. The transfer just recorded is the outcome. Register Rowe's record of transfer for today is as follows:

Alfred Clough and wife, et al, to Stewart C. Chambers, lots 4, 5, 6, 7, 14 and 15, block 1, Fulton village.....\$1,000
Michael Matthews and wife to August Schimmler, n.w. 1/4, sec 1 Johnston.....2,260

FEAR TO PUT VIRUS IN BLIND PUPILS

VACCINATION ORDER AT THE
STATE SCHOOL.

When Wholesale Inoculation Was Undertaken Two Years Ago Much Sickness Resulted and Deaths Were Believed to Have Been Due to the Operation.

There is uneasiness at the state school for the blind over the vaccination order that has been issued. In consequence of the small pox scare in Waukesha, the occupants of all state institutions have been ordered vaccinated. A similar order was passed two years ago, and at the school for the blind much sickness resulted.

Two deaths were attributed indirectly to the wholesale vaccination, pupils whose blindness was due to tainted blood, being affected very severely by the virus.

Members of the state board will be in the city tomorrow and the matter will be discussed.

LAST WINTER'S FAVORITES.

Woles Were in Vogue Then and Still Continue to Be Popular.

Next come the stoles which were introduced last winter and became quite the rage, and there is every prospect that their popularity will be redoubled this winter. First on the list is the Andrea stole, extremely chic and very graceful. It is generally in mongolian and castor; or mongolian and caracul, which mixture meets with great favor. In "dressiness" there is nothing to surpass it, harmonizing with all the graceful lines of the human form divine, and is well adapted for toilettes of ceremony. If I extolled the Andrea stole, I must in honor repeat every word in praise of the Cassiva stole. It is a vain attempt, a waste of ink, to describe it without a suitable illustration; it is at the same time a cape and a stole, trimmed with chiffon and laces. The tabs are very long, and almost reach to the hem of the skirt, where they end with tails. The collar is closed with a small head, and a similar one is at the waist. The stole is in Russian fox, castor-loutre, Corsica fox or Hungarian fox. Another, the Sarah stole, is just as elegant (especially if named for the great Sarah, la divine), but somewhat graver than the preceding two; the pendants are larger, and the collet as well as the tabs ends with tails. Never was this garniture so much in vogue as at present, as it is the most original parure that could be thought of, and is best becoming to raiments of this kind. The Sarah stole is in castor-loutre, Burnish fox, or skunk. The Mireille collet is in Norway marten, with or without tails, very simple, but very coquette. All the collars of the foregoing garments are very high, so that the fair wearer may nestle her head up to above the ears in the downy fleece, so that old Boreas may not get a nip at her.

SWEETHEART AND THE LAW.

A Novel Suit Involving in Some Degree the Status of the Fiancee.

A novel question is involved in a suit now on trial in the state district court at Galveston. Allen Taylor, an employee of the International & Great Northern railway, died in Houston March 11, 1895, from injuries received in a wreck on that road that day.

He had his life insured in favor of his fiancee, Miss Josie O'Shea of Galveston, in the Travellers' Mutual Insurance Company, for \$1,500. Shortly after his death suit was filed in the district court against the insurance company and Miss O'Shea, to restrain the company from paying the amount to the beneficiary designated, and to compel payment to Mrs. Mary C. Taylor, mother of deceased, and his sisters, Laura Sheetz and Fannie Ingram, who are joined pro forma by their husbands, Arthur L. Sheetz and Frank Ingram. The petition alleges that the designated beneficiary was not related to deceased, and that plaintiff, Mary C. Taylor, is a widow, the deceased being her sole support, and that she and the other plaintiffs were his only legal heirs. No case wherein the validity of the insurance in favor of a sweetheart was involved has heretofore been presented to any court in Texas, and there is but one case on record in the United States where the case has been adjudicated. The case referred to is reported in the Fifty-second Missouri Reports, and it was decided by the supreme court of that state that such insurance was valid.

A Timeless Town.

From Harper's Round Table: The old proverb says that time was made for slaves. It is certainly true that it was not made for Alsatians, if the following story told by a traveler lately returned from Alsace be true. Says he: "On my return from Belchen, I looked upon the beautiful villages of the Lewen Valley, and being a tourist who likes to poke his nose into everything I turned by chance into the church at Kirchberg. On coming out I took out my watch to regulate it by the clock in the church tower. But there was no clock to be seen. Hence I went into the village inn, and there asked the time. But my host could not oblige me. 'I can't tell you exactly, for you see,' he said, 'we have no use for clocks. In the morning we go by the smoke rising from the chimney at the parsonage up on the hill. The parsonage people are very regular. We dine when dinner is ready. At 4 p. m. the whistle of the train coming from Masmunster tells us that the time has come for another meal, and at night we know that it is time to go to bed when it is dark. On Sunday we go to church when the bell rings. Our parson is an easy-going man, and he doesn't mind beginning half an hour sooner or later.'"

Almost Total Abstainers.

The oldest temperance society in the world is the abstaining commune of Achlyka, in Siberia, all of whose members are strict teetotalers every day in the year except one. Regularly on the first day of September, year after year, all the adult members of the commune assemble in the parish church and every one takes a solemn vow before the altar to drink no wine, beer, or spirits "from the morrow" of the following day for a whole year. The clause "from the morrow" is introduced in order to give them a reward for their virtues in the shape of a whole day of drunken carnival.

A FRENCH SQUIRE.

His Costly Velvet Cape, Gloves and Furbies.

The squire's shoes were of a very plain and solid make, little better than those provided for his laborers; and such was his economy that he bought leather and had them resoled by a cobbler living at the chateau, says the Gentleman's Magazine. He was much more particular about his headgear. Felt hats were brought by sea from Rouen to Cherbourg. Gomberville paid 25 francs for his own, while those of his servants were not more than a third of that price. His rich velvet cape cost nearly 40 francs. The squire had a peculiar weakness for perfumes, which he distilled on the spot, such as rose water, Damascus water, "eau a la mode," etc., and he did not think it beneath his dignity to go and gather the pinks at a neighboring monastery. He was also very fastidious with regard to his gloves, and would pay 12 francs a pair for them. A word may be added as to the arrangements for the table at the chateau. The flour was ground and the bread made at home, although when there was not time to do so a loaf of twelve pounds would be bought from the baker for 3 francs. He paid a higher price when he expected friends, and especially the cure of Cherbourg, who was somewhat of an epicure. There is little said about pastry, except the "gâteau des rois," so essential to the festivities of Twelfth Night or Epiphany. The desserts consisted of cheese, honey, fresh and dried fruits, oranges and grenades from the south, with a great variety of wines. Generally the preference was given to solid food. Sometimes oxen and sheep were slaughtered at home, sometimes choice morsels were bought at the town, and wonderfully cheap they were. On one occasion the half of a calf and a pound of candles were purchased for 5 francs. Kids were much in request for special entertainments. Pork was then, as now, a favorite article of diet among the peasants. One day, when going to the chase, he rose at 4 o'clock and breakfasted on pork and herring himself. The fact speaks well for his digestive powers—unless he had reason to repent of the indulgence. Special luxuries were occasionally provided at his table, as when the servant of a neighbor brought him an Indian cock and hen he was so pleased that he gave the messenger a poure-boire of 4 francs. This little circumstance is not without interest, as showing that the turkey was not then unknown in France, and throwing doubt on common tradition that this bird was first introduced there by the Jesuits and served at the royal table of Charles IX, 1571. Fish appears often on the squire's board, as his chateau was near the sea, and the rivers also furnished a good supply.

Germany's professed friendship for silver, turns out to have been merely a grand stand play, as many suspected it would for a first.
